BE CONCURRED IN

or Any Department, Agency or Political Subdivision Thereof, Pursuant to the Terms of Such State Contracts.

Be it enacted by the Legislative Assembly of the State of Montana:

Contractors under contracts with state may deposit bonds with state in substitution for payments due as retainage.

Section 1. The contractor under any contract heretofore or hereafter made or awarded by the state of Montana, or any department, agency or political subdivision thereof, including any contract for the construction, improvement, maintenance or repair of any road or highway or the appurtenances thereto, may, from time to time, withdraw the whole or any portion of the sums otherwise due to the contractor under such contract which are retained by the state of Montana, or any department, agency or political subdivision thereof, pursuant to the terms of such contract provided the contractor shall deposit with the treasurer of the state of Montana (1) United States treasury bonds, United States treasury notes, United States treasury certificates of indebtedness or United States treasury bills; or (2) bonds or notes of the state of Montana; or (3) bonds of any political subdivision of the state of Montana, of a market value not exceeding par, at the time of deposit, but at least equal in value to the amount so withdrawn from payments retained under such contract.

Power of state treasurer.

Section 2. The treasurer of the state of Montana shall have the power to enter into a contract or agreement with any national bank, state bank, trust company or safe deposit company located in the state of Montana, designated by the contractor, after notice to the owner and surety, to provide for the custodial care and servicing of any obligations deposited with him pursuant to this act. Such services shall include the safekeeping of said obligations and the rendering of all services required to effectuate the purposes of this act.

Collection and payment of interest.

Section 3. The treasurer of the state of Montana or any national bank, state bank, trust company or safe deposit company located in the state of Montana, designated by the contractor to serve as custodian for the obligations pursuant to section 2 hereof, shall collect all interest or income when due on the obligations so deposited and shall pay the same, when and as collected, to the contractor who deposited the obligation. If deposited in the form of coupon bonds, the treasurer of the state of Montana shall deliver each such coupon as it matures to the contractor.

Amount deducted by state to be deducted first from retained payments.

Section 4. Any amount deducted by the state of Montana, or by any department, agency or political subdivision thereof, pursuant to the terms of a contract, from the retained payments otherwise due to the contractor thereunder, shall be deducted first from that portion of the retained payments for which no obligation has been substituted, then from the proceeds of any deposited obligation. In the latter case, the contractor shall be entitled to receive the interest, coupons or income only from those obligations which remain on deposit after such amount has been deducted.

Approved: March 3, 1969.

CHAPTER 195

An Act to Amend Section 28-119, R.C.M. 1947, to Provide for the Treatment, Disposal, Removal or Reduction of Fire Hazards Created by Sawmilling Waste; and to Provide for Disposal Other than Burning.

Be it enacted by the Legislative Assembly of the State of Montana:

Amending clause.

Section 1. Section 28-119, R.C.M. 1947, is amended to read as follows:

Sawdust piles—restrictions.

"28-119. **Sawdust piles—restrictions.** *Prior to each fire season, all persons, firms or corporations, creating or responsible for mill waste within the forest areas will treat, dispose of, remove or reduce the hazards created so that such accumulation of sawmilling waste does not constitute a fire hazard.*

No sawmill located within or contiguous to forest lands shall accumulate in one pile, sawdust in excess of an amount resulting from the sawing of five hundred thousand (500,000) feet log scale of sawlogs, provided, however, that a larger sawdust pile may be accumulated when there is no reasonable danger of fire therefrom and a permit for the additional accumulation is granted by the state forester. *In the event that burning is the disposal method elected,* each sawdust pile so accumulated shall be prepared for burning by cribbing the base of each pile with slabs and burned in accordance with regulations issued by the board of forestry."

Approved: March 3, 1969.
